

## Kindergarten Time Capsule

Dear Parents/Carers,

During term Two and Three our class will be creating kindergarten time capsules. These time capsules will be created, sealed and sent home half way through Term Three and should not be opened until your child is in Year Six. The time will fly by and you'll be able to open them before you even know it!!

In order to create these very special time capsules we will need a little help from you. Each child will need a decorated shoebox relevant to their interests and their likes, with their name on it. Please write a letter from you to your child, telling him or her the special things he or she does, the funny things he or she does, or whatever you feel is important. Please be sure to have all the materials returned by Friday the 12<sup>th</sup> of May. Thank you in advance for all of your assistance with this very special project.

The Kindergarten Team

Please don't forget, each child needs:

- \_ A shoe box (decorated however they would like)
- \_ A letter

NEWS TERM TWO: *The News in Term 2 directly relates to the children' s time capsules. The Kinder Newsletter will have more details about the requirements for each week.*
