

St Francis Reading Challenge – Celebrating a Love of Reading

As we wrap up the St Francis Reading Challenge this term, we celebrate the incredible effort students and parents have made in developing reading habits and a love of reading. Reading is a vital skill that supports learning across all areas of the curriculum, and it has been wonderful to see students being excited about their reading progress and genuinely enjoying books.

Congratulations to the following SUPER STAR readers, who have shown that they can read 40 books!! This is a big effort and something you should be very proud of!
